

University Center for Excellence in Developmental Disabilities

Summer Internship Program (SIP)

Held every summer, the University Center for Excellence in Developmental Disabilities (UCEDD) Summer Internship Program (SIP) provides opportunities for high school or early college students to gain experience in the disability field, develop transferable skills and learn about various career paths in health care and disability.

Details

- 24 hours per week for 8 weeks
- Stipend provided
- Interns must be at least 16 years of age by the first day of the internship
- Opportunities to network & conduct informational interviews
- Interns participate in weekly tours and professional development trainings
